

HANZA Alfaram China provides wiring harnesses, cable assemblies and assembly services for customers in China as well as in Europe. The local customer base in China appreciates a reliable and flexible partner operating according to customer requirements and expectations. The operations are well adjusted to high-mix low-volume production in addition to mass production volumes. One of the major strengths in China is design, test and final assembly electrical control panels as well as other electro-mechanical assemblies. The unit is ISO9001 and 140001 certified and has UL accreditation for wiring harnesses.
